KEY DECISION:	Options	If yes, date of publication:	

## 1. **Purpose of Report**

- 1.1 *To provide an update on plans for events in Accrington Town Centre for 2025-26 including costs and value of money*

## 2. **Recommendations**

- 2.1 That the process remains until such time where new objectives are introduced

## 3. **Reasons for Recommendations and Background**

- 3.1 This year's events budget of £150,000 allows for grants to be provided for events taking place in the boroughs high streets, parks and open spaces.

Objectives for these events are;

- Increase visitors to the high street
- Engage with people who live in and around Hyndburn
- Create an event which can engage with the widest possible audience
- Demonstrate value for money
- Explore additional funding sources, other than that of the Council

### 3.2 The event programme for 2025-26 includes

#### 4. **Alternative Options considered and Reasons for Rejection**

- 4.1 Since 2018 we have explored the idea of commissioning a single event organiser to manage the budget and calendar of events. This idea has never been appealing as we find that different types of event attract specific demographics. The mix of events in the town centre currently works, appealing to all.

#### 5. **Consultations**

- 5.1 Since the first consultation event in 2018 we have strived to put on events that were suggested and wanted by the local community and stakeholders. Each event is reported on. We assess how the event has performed in the town centre against our objectives and this assessment helps us make the decision on <sup>1)</sup> whether we repeat it <sup>2)</sup> if there needs to be additional activity at the next one and <sup>3)</sup> whether there is the appetite for a repeat event.

#### 6. **Implications**

<b>Financial implications (including any future financial commitments for the Council)</b>	£150,000 Budget for future years to continue events programme across the borough
<b>Legal and human rights implications</b>	N/A

<b>Assessment of risk</b>	All events are monitored and assessed by the Event Safety Advisory Group. The grant process is robust and risk is protected.
<b>Equality and diversity implications</b> <i>A <a href="#">Customer First Analysis</a> should be completed in relation to policy decisions and should be attached as an appendix to the report.</i>	The grant application and event awarding process is fair and open.
