Subject: The Walmsley Arms, Great Harwood

Good morning

I visited the above premises yesterday, and would like to make the following observations:

1. The existing structure shown on the plan as a smoking shelter is substantially enclosed (as defined), and as such smoking cannot be permitted therein. The proposed smoking shelter shown on the plan must comply with the relevant legal requirements.
2. The existing outside bar does not have any water supply, sink, or wash hand basin provided. As such, it may be suitable for a bottle bar only, but at the time of the visit it was noted that the bar had beer pumps and several beer kegs fitted. If it is intended to use the bar in this manner, proper arrangements must be made for washing and hygiene

Should you have any queries relating to this matter, please contact me.

Thanks

Peter
