Dear Mr Hamill

Property Address: The Walmsley Arms, Queen Street, Great Harwood, BB6 7QQ

In connection with the forthcoming licence review for these premises, can I forward concerns that have been raised from recent visits.

1. The responsible person does not make comment of the type of foam being used at these foam parties, the chemical make-up of the product and what effect this will have when disposed of via the foul drain.
2. Foam is showed to dampen noise and there does not appear to be any consideration made for this in the Fire risk assessment and any resultant mitigation that would be required.

I am happy to discuss these matters with the responsible person at any time.

Yours sincerely

A handwritten signature in black ink, appearing to read "KB", with a diagonal line through it.
